Who Was Tom Wolfe?

Tom Wolfe (1930–2018) was an American author, journalist, and social commentator. He gained fame for his distinctive writing style, characterized by a flamboyant use of language, vivid descriptions, and a keen eye for detail. Wolfe's career began in the 1960s when he became a prominent figure at The New York Herald Tribune and later The Washington Post. His work often centered on contemporary American culture, politics, and societal changes, making him a keen observer of the zeitgeist.

The Origins of New Journalism

The 1960s was a period of significant social upheaval and cultural transformation in the United States. Traditional journalism, which focused on straightforward reporting and objective facts, was increasingly challenged by writers seeking to capture the full complexity of human experience. Wolfe, along with other writers such as Truman Capote, Hunter S. Thompson, and Gay Talese, pioneered a new style that combined journalistic integrity with literary flair. The term "New Journalism" was first popularized in the late 1960s and early 1970s, emphasizing a more personalized, immersive, and narrative-driven approach to reporting. Wolfe's groundbreaking articles and books exemplified this style, blending factual reporting with literary techniques such as scene building, character development, and subjective point of view.
