economic downturn rapidly spread worldwide, affecting virtually every nation regardless of size or wealth. This period was marked by unprecedented unemployment, deflation, banking failures, and a severe contraction of international trade. The interconnectedness of global economies meant that what started as a domestic crisis quickly became a global phenomenon. Countries with fragile economic structures, such as Germany, Britain, and Japan, experienced profound destabilization, leading to social unrest and political upheaval. Understanding this context is essential to grasp the importance of the reteaching activity, which aims to clarify the causes, effects, and responses to this historical event.
