The file name of a PDF plays a significant role in search visibility. Descriptive, keyword-rich file names help search engines and users understand the document before opening it. Instead of generic names, using clear and relevant terms related to Ice Age 6 Dubbing Indonesia improves both SEO and user trust.

Hyphens should be used to separate words in file names, as they are more search-engine-friendly. Avoid unnecessary numbers or symbols that add no context or value to the document’s topic.

**Title, metadata, and document properties**
PDF metadata functions similarly to HTML meta tags. Title, author, subject, and keywords provide additional context to search engines. Setting a clear and relevant document title improves how Ice Age 6 Dubbing Indonesia appears in search results and browser tabs.
