Question 1: What is the primary purpose of payroll taxes?

Options: a) To fund public transportation b) To provide health insurance for employees c) To fund Social Security and Medicare programs d) To pay for school expenses Correct Answer: c) To fund Social Security and Medicare programs Explanation: Payroll taxes are specifically collected to finance Social Security and Medicare, which provide benefits for retirees, disabled individuals, and healthcare for seniors. These are mandated by the Federal Insurance Contributions Act (FICA). Understanding this helps students realize the importance of payroll taxes beyond just deductions from their paycheck.

Question 2: When do most students need to file their federal income tax return?

Options: a) January 31 b) April 15 c) June 30 d) December 31 Correct Answer: b) April 15 Explanation: The IRS typically sets April 15 as the deadline for filing individual tax returns for the previous year. Students earning income must be aware of this deadline to avoid penalties. This knowledge is essential for responsible financial planning.

Question 3: Which of the following income sources generally requires reporting on a tax return?

Options: a) Earnings from a part-time job b) Allowances received from parents c) Gifts from friends d) Money saved from allowances Correct Answer: a) Earnings from a part-time job Explanation: Income earned from employment, such as part-time jobs, is taxable and must be reported. Options: a) Deductions reduce taxable income; credits reduce the amount of tax owed b) Deductions are only for students; credits are for everyone c) Deductions are refundable; credits are non-refundable d) There is no difference Correct Answer: a) Deductions reduce taxable income; credits reduce the amount of tax owed Explanation: Tax deductions lower your taxable income, which can reduce your overall tax liability, while tax credits directly reduce the amount of tax owed, sometimes even resulting in a refund.
