Advancing through the game’s technological tree unlocks new buildings, production methods, and military units. Focus on: - Investing in research to stay ahead. - Developing cultural institutions to boost happiness and reputation.

Initial Setup and Early Game Strategy

The early game sets the foundation for your entire empire. Here’s a detailed walkthrough to kickstart your journey.

Choosing the Right Island

Select an island that balances resources and space: - Prioritize islands rich in wood, stone, and clay for construction. - Proximity to water is essential for trade routes and transportation. - Consider access to diverse resources to minimize early dependency on trade.

When your first island’s resources are tapped: - Scout for new islands with complementary resources. - Establish outposts or colonies, ensuring logistical support. - Use transport ships to facilitate trade and resource movement.

Industrial Infrastructure Development
