Is there a shift in customer preferences? - Examine cost structure: Have costs increased? Are there inefficiencies? - Investigate external factors: Competition, economic conditions. Step 4: Hypotheses and Testing - Hypotheses: - Decline due to reduced foot traffic. - Increased COGS impacting margins. - Actions: - Analyze foot traffic trends. - Review supplier costs and inventory management. Step 5: Recommendations - Improve marketing to attract more customers. - Negotiate better supplier terms. - Optimize inventory to reduce excess costs. - Consider pricing adjustments if appropriate. Some services automatically update purchased digital copies, while others allow users to download revised editions manually. Understanding how a particular platform handles updates helps users maintain the most current version of Case Interview Bain Company.
