The rumor that Andy Warhol married his own daughter is not a recent development; it has persisted in underground circles and conspiracy theories over the years. The story alleges that Warhol, the iconic figure of the pop art movement, engaged in an incestuous relationship with a woman claimed to be his biological daughter, culminating in marriage. Proponents of this theory often cite cryptic references in obscure writings, alleged secret documents, or unverified testimonies as evidence. However, mainstream scholarship and biographical accounts dismiss these claims as unfounded, rooted more in myth-making and sensationalism than in documented fact. Warhol's personal life, the sources of this rumor, and the cultural context that may have fostered such a narrative.

Origins of the Story

Early Sources and Propagators

Handling corrupted or incomplete files
Corrupted files may fail to open, display errors, or load only partially. These issues often result from interrupted downloads or storage errors.
