Focus on Indian Administration While the primary focus is on Indian public administration, the book occasionally references international examples. However, some readers might desire a more comparative approach to global governance systems. 3. Theoretical Rigor Although accessible, the book may lack the depth of rigorous theoretical critique found in specialized academic journals. Scholars interested in a more analytical or critical perspective might need additional resources. 4. Limited Emphasis on Emerging Technologies Despite including e-governance, the coverage of newer technological trends such as artificial intelligence, blockchain, and data analytics is limited.
